High Level Objectives	
Phase 0	Able to gain insight and make inference from data Able to build fully interactive dashboard for visualization
Phase 1	Able to complete end to end Machine Learning projects
Phase 2	Able to build their own Artificial Neural Network architecture Able to solve Computer Vision or Natural Language Processing problem Able to operate NoSQL tools Having knowledge of basic ETL Able to perform Data Scheduling Able to perform Data Quality & Validation

Report of Soft Skills				
No	Soft Skill	Category	Score	Description
1	Communication	Self-representation through Communication	4	Communication reflects genuine values and demonstrates strong self-awareness of communication skills for improvement
2		Understanding Communication Issues and Strategy Application	3	Mostly authentic, with minor inconsistencies in alignment with personal values and has good self-awareness of communication strengths and weaknesses
3		Verbal Communication	4	Communication reflects genuine values and demonstrates strong self-awareness of communication skills for improvement
4		Written Communication	4	Highly effective. Composes text very well, using appropriate language and well-structured. Able to communicate ideas clearly and persuasively.
5		Active Listening	3	Active. Able to listen with focus and show interest in the conversation. Asks relevant questions and provides feedback.
6		Presentation Skills	4	Highly effective. Presentation is highly structured, dynamic, and engaging. Can inspire and motivate the audience and convey the message very effectively.
7	Adaptability	Growth Mindset	4	Fully understands that success and abilities can develop through effort and perseverance
8		Coping Strategies/Stress Management	3	Knows enough about managing stress and maintaining work-life balance
9	Critical Thinking	Analytical Skills	4	Making decisions based on data/trends, analyzing data/information from various reliable sources, and handling issues effectively
10		Strategic Thinking	4	Able to think strategically (in an organized way) when making plans to achieve goals
11		Proactive Learning	4	Actively learning and practicing to improve understanding
